### 3. Installation Guidelines

- ✓ Sheets are face-mounted.
- ✓ Clear Film to facilitate the installation process.
- ✓ Each Box is also labeled based on the content.
- ✓ Usually 14 sheets/box.

## COATING SERVICE

YOUR TILE. REIMAGINED.

NEW!

### Slip-Resistant Coating

Enhance the performance of existing porcelain tile with a custom slip-resistant coating designed to improve safety without compromising aesthetics. Available as a full-surface application or as a decorative pattern, the coating can create subtle visual interest while providing additional traction in wet or high-traffic environments.

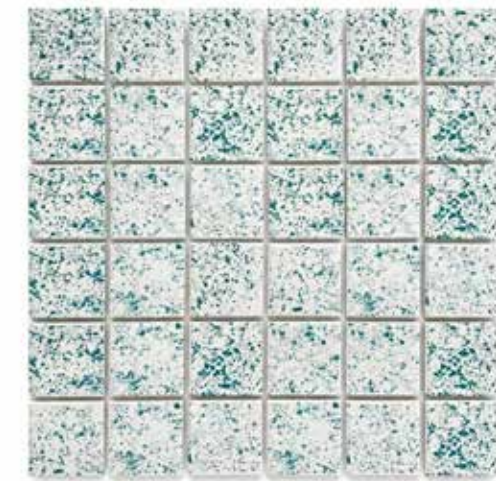

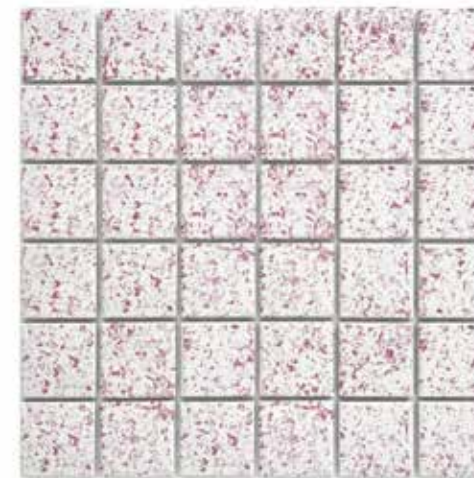

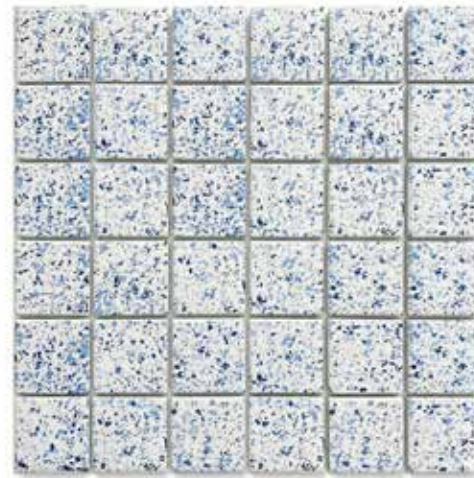

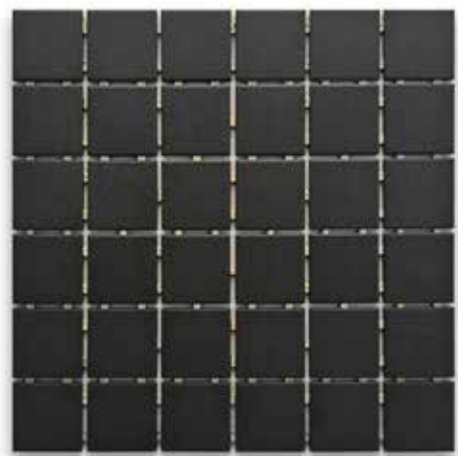

### Screen-Printed Customization

Transform standard solid-color porcelain tiles into distinctive design elements through custom screen printing. From refined geometric motifs to bespoke artistic patterns, this process allows architects and designers to add character, texture, and visual sophistication while maintaining the durability and consistency of the original tile.

## WHY INTERSTYLE?

### OUR SOLUTIONS HELP:

- ✓ **Improve product quality and inspection accuracy**
- ✓ **Monitor and optimize production processes**
- ✓ **Reduce unplanned equipment downtime**
- ✓ **Meet industry standards and compliance requirements (pool requirements for Munsell values; standard for depth markers, etc)**
- ✓ **Strengthen quality assurance, maintenance, and R&D operations**

**Don't see it?  
We'll make it!**
